Commences at the intersection of Hamilton street with the east line of the city; thence north to a point opposite the center of Quackenbush street; thence westerly along the center of Quackenbush street and Clinton avenue to Lark street; thence southerly along the center of Lark street to Spruce street; thence east along the center of Spruce street to Eagle street; thence south along Eagle street to Hamilton street; thence east along Hamilton street to the place of beginning.

DISTRICT No. 3. Bounded north by the city line, west by the city line, south by the center of Clinton avenue and Quackenbush street, and east by the east line of the city.

DISTRICT No. 4. Commences at the intersection of Spruce and Eagle streets; thence west along the center of Spruce street to Lark st.; thence along the center of Lark street to Clinton avenue; thence westerly along the center of Clinton avenue to the west line of the city; thence along the west line of the city to the south line of the city; thence along the south line of the city to Eagle street; thence along the center of Eagle street to the place of beginning.

WARDS—Election Districts and Boundaries.

FIRST WARD, Three Election Districts. The First District comprises all that portion of the ward bounded on the east by the river, on the west by Green street, on the north by Arch street, and on the south by the south bounds of the city. The Second District comprises all that portion of the ward bounded on the east by Green street, on the west by South Pearl street, on the north by Arch street, and on the south by the south bounds of the city. The Third District comprises all that portion of the ward bounded on the east by South Pearl street, on the west by Eagle street, on the north by Arch and Johnson streets, and on the south by the south bounds of the city.

Boundary.—Beginning at a point where the south bounds of the city intersect the west line of Rensselaer street, thence running north along the east bounds of the city to a point opposite the center of Arch street; thence westerly through the center of Arch street to the center of Grand street; thence northerly through the center of Grand street to the center of Johnson st. from the west; thence westerly through the center of Johnson street to the center of Eagle st.; thence southerly through the center of Eagle street to the south bounds of the city; thence easterly along said south bounds to the place of beginning.

SECOND WARD, Two Election Districts. All that part of the ward lying west of the center of Pearl street, is called the Western District; east to the center of Pearl street, the Eastern District.

Boundary.—Beginning at the intersection of the center of Arch street with the east bounds of the city, and running thence northerly along the said east bounds of the city to a point opposite the center of Herkimer street; thence westerly along the center of Herkimer street to the center of Pearl street; thence southerly along the center of Pearl street to the center of Westerlo street; thence westerly along the center of Westerlo street to the center of Grand street; thence northerly along the center of Grand street to the center of Elm street; thence westerly along the center of Elm street to the center of Eagle street; thence southerly along the center of Eagle street to the center of Johnson st.; thence easterly along the center of Johnson st. to the center of Grand street; thence southerly along the center of Grand street to the center of Arch street from the east; thence easterly along the center of Arch street to the east bounds of the city and place of beginning.

THIRD WARD, Two Election Districts. All that part of the ward lying east of the center of Green street, is called the Eastern District; west of the center of Green street, the Western District.

Boundary.—Beginning at a point in the easterly bounds of the city opposite the center of Herkimer street, and running thence northerly along said east bounds to a point opposite the center of Hamilton street; thence westerly along the center of Hamilton street to the center of Eagle street; thence southerly along the center of Eagle street to the center of Elm street; thence easterly along the center of Elm street to the center of Grand street; thence southerly along the center of Grand street to the center of Westerlo street; thence easterly along the center of Westerlo street to the center of Pearl street; thence northerly along the center of Pearl street to the center of Herkimer street; thence easterly along the center of Herkimer street to the east bounds of the city and place of beginning.

FOURTH WARD, Two Election Districts. All that part of the ward lying east of the center of South Pearl street, is called the Eastern District; west of the center of South Pearl street, the Western District.

Boundary.—Beginning at a point in the east bounds of the city, opposite the center of Hamilton street, and running thence northerly along said east bounds to a point opposite the center of State street bridge; thence westerly through the center of State street bridge and State street to the center of Eagle street; thence southerly along the center of Eagle street to the center of Hamilton street; thence easterly along the center of Hamilton street to the east bounds of the city and place of beginning.

FIFTH WARD, One Election District.

Boundary.—Beginning at a point in the east bounds of the city opposite the center of State street bridge; thence running northerly along said east bounds to a point opposite the center of Columbia street bridge; thence westerly along the center of said bridge and of Columbia street to the center of Pearl street; thence northerly along the center of Pearl street to the center of Canal street; thence westerly along the center of Canal street to the center of a street thirty-six Rynland feet in width, and leading from Canal to Spruce streets; thence southerly through the center of said street to the center of Spruce street; thence easterly through the center of Spruce street to the center of Eagle street; thence southerly through the center of Eagle street to the center of State street; thence easterly along the center of State street and of the State street bridge to the east bounds of the city and place of beginning.

SIXTH WARD, One Election District.

Boundary.—Beginning at a point in the east bounds of the city, opposite the center of Columbia street bridge, and running thence northerly along said east bounds to a point opposite the center of Lumber street; thence westerly along the center of Lumber street to the center of Ten Broeck street; thence southerly along the center of Ten Broeck street to the center of Clinton avenue; thence easterly along the center of Clinton avenue to the center of Chapel street; thence southerly along the center of Chapel street to the center of Canal street; thence easterly along the center of Canal street to the center of Pearl street; thence southerly along the center of Pearl street to the center of Columbia street; thence easterly along the center of Columbia street and of the Columbia street bridge to the east bounds of the city and the place of beginning.

SEVENTH WARD, Two Election Districts. All that part of the ward lying east of the center of Broadway, is called the Eastern District; west of the center of Broadway, the Western District.

Boundary.—Beginning at a point in the east bounds of the city, opposite the center of Lumber street, and running thence northerly along the east bounds of the city until it strikes a point opposite a red cedar post with brick

around it, standing on the west bank of the Hudson river, which post is distant twenty-two chains and thirty-six links from the south-east corner of the store-house of Stephen Van Rensselaer, on a course north forty degrees and twenty minutes west; thence westerly to the said cedar post; thence north forty-eight degrees west to the west bounds of the late town of Colonie; thence southerly along said west bounds to the center of Lumber street; thence easterly along the center of Lumber street to the east bounds of the city and place of beginning.

EIGHTH WARD, Two Election Districts. All that part of the ward lying north of the center of Clinton avenue, is called the Northern District; south of the center of Clinton avenue, the Southern District.

Boundary.—Beginning at the intersection of the centers of Canal and Chapel streets; thence running northerly along the center of Chapel street to the center of Clinton avenue; thence westerly along the center of Clinton avenue to the center of Ten Broeck street; thence northerly along the center of Ten Broeck street to the center of Lumber street; thence westerly along the center of Lumber street to the west bounds of the late town of Colonie; thence southerly along said west bounds to the center of Clinton avenue; thence easterly along the center of Clinton avenue to the center of Lark street; thence southerly along the center of Lark street to the center of Spruce street; thence easterly along the center of Spruce street to the center of a street leading from Spruce to Canal street of thirty-six Rynland feet in width; thence northerly along the center of said street to the center of Canal street; thence easterly along the center of Canal street to the place of beginning.

NINTH WARD, Three Election Districts. All that part of the ward lying east of the center of Dove street, is called the Eastern District; west of the center of Dove street, and east of the center of Snipe street, the Middle District; west of the center of Snipe street, the Western District.

Boundary.—Beginning at the intersection of Eagle and State streets, and running thence northerly along the center of Eagle street to the center of Spruce street; thence westerly along the center of Spruce street to the center of Lark street; thence northerly along the center of Lark street to the center of Clinton avenue; thence westerly along the center of Clinton avenue to the west bounds of the late town of Colonie; thence southerly to the south side of Clinton avenue; thence westerly along the north range of the city of the west bounds thereof; thence southerly along said west bounds to the center of Lydius street; thence easterly along the center of Lydius street to the center of Main avenue; thence northerly through the center thereof to the center of State street; thence easterly along the center of State street to the place of beginning.

TENTH WARD, Three Election Districts. All that part of the ward lying west of the center of Dove street, is called the Western District; east of the center of Dove street, and west of the center of Hawk street, the Middle District; east of the center of Hawk street and west of the center of Eagle street, the Eastern District.

Boundary.—Beginning at the intersection of the center of Eagle street with the south bounds of the city, and running thence north through the center of Eagle street to the center of State street; thence westerly through the center of State street to the center of Main avenue; thence southerly through the center of Main avenue to the center of Lydius street; thence westerly along the center of Lydius street to the west bounds of the city; thence southerly along said west bounds to the south bounds of the city; thence easterly along said south bounds to the place of beginning.

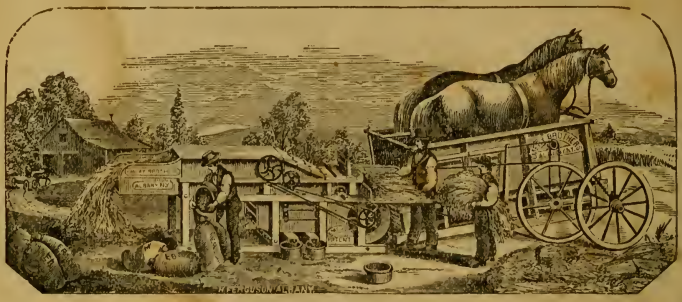
T. C. RAFFERTY, Proprietor.



THE

EMERY AGRICULTURAL WORKS.

OFFICE, No. 2 JAMES, CORNER STATE STREET,

ALBANY, N. Y.

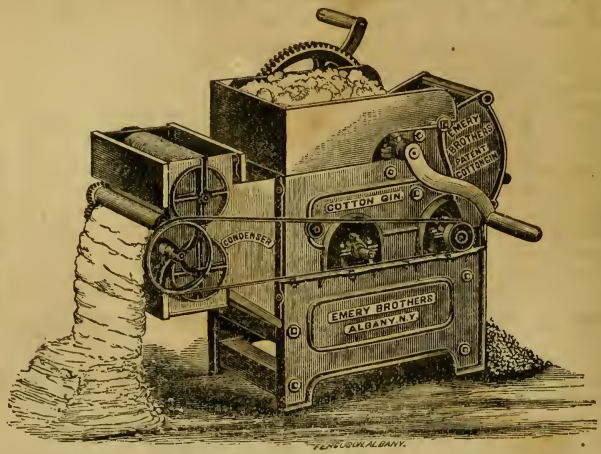
The attention of the public is respectfully called to the Latest Improved Farm and Plantation Machinery manufactured in these Works, under the personal superintendence of EMERY BROTHERS, who have long been known as manufacturers of superior and highly approved Agricultural Machinery, consisting in part of their celebrated PATENT HORSE POWERS, THRESHERS AND SEPARATORS, THRESHERS AND CLEANERS COMBINED, PORTABLE CIRCULAR AND DRAG CROSS-CUT SAWING MACHINES, SHINGLE MACHINES, CLOVER HULLERS AND CLEANERS, DOG POWERS, &c., &c.

Also, EMERY BROTHERS' Celebrated Patent

COTTON GINS AND CONDENSERS,

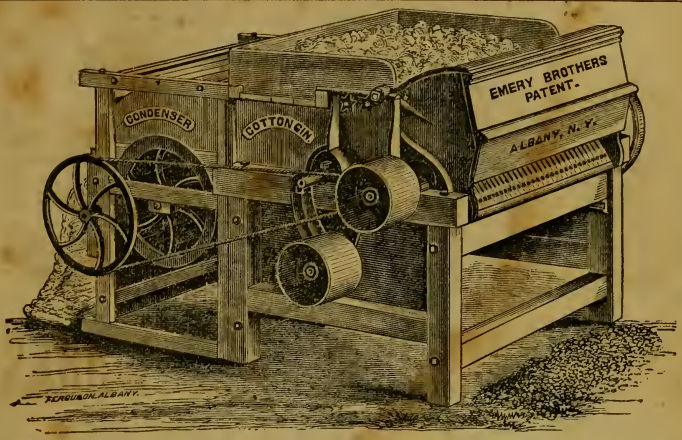
FOR HAND AND POWER.

HAND GIN



AND CONDENSER.

☞ SEE OPPOSITE PAGE.



EMERY BROS.' PATENT COTTON GINS

AND CONDENSERS,

Manufactured by

ALFRED B. FARR,

At the

EMERY AGRICULTURAL WORKS,

Under the personal superintendence of

EMERY BROTHERS (WM. B. & GEO. W. EMERY).

Office, No. 2 James Street, corner of State Street, Albany, N. Y.

These Celebrated Cotton Gins and Condensers are manufactured in the most thorough and substantial manner; they are compact, durable and efficient, and contain many valuable improvements made and added to them by Emery Brothers (who were the Pioneers in Cotton Gin manufacturing in Albany), during several years' experience in making and using Cotton Gins, thereby rendering these Gins capable of ginning more cotton per day, with same power expended, without injury to the staple, than any others yet introduced in the world.

With the Condensers attached, these Gins require but a small space to operate in, as the ginned cotton is discharged from the Condenser in a thick sheet, or bat, and free from the dust and sand that is separated from the cotton by the Condenser and Cleaner attachments; thus delivering the cotton in the cleanest possible condition and most convenient manner for handling and baling.

With these Condenser attachments these Gins can readily be operated under any temporary shelter, or even in the open field, or moved from one plantation to another when desired, or where no Gin houses are built, and without any loss of time, as the cotton is ready for packing and baling as fast as it is ginned.

Cotton growers, dealers and others wishing the best Cotton Gins, either with or without Condensers or Horse Powers to drive them, will find it for their interest to procure the Emery Brothers' Patent Cotton Gins from these Works.

Illustrated Descriptive Circulars and Price Lists furnished gratis on application by mail or otherwise.

Orders solicited and promptly and faithfully executed.

ALBANY
EYE AND EAR
INFIRMARY.

No Inſtitution in this country is more succeſsful in the treatment of

ALL DISEASES OF THE EYE AND EAR.

RATES OF POSTAGE.

The law requires postage on all letters (including those to foreign countries when prepaid), except those written to the President, Vice-President, or members of Congress, or (on official business) to the chiefs of the executive departments of the government, and the heads of bureaus and chief clerks, and others invested with the franking privilege, to be prepaid by stamps or stamped envelopes, prepayment in money being prohibited.

All drop letters must be prepaid, at the rate of two cents per half ounce, or fraction of a half ounce, by postage stamps. If not prepaid, the double rate to be charged.

Rates of Letter Postage between Offices in the United States, and to and from Canada and other British North American Provinces.

To and from Canada and New Brunswick, 10c per ½ ounce, irrespective of distance.

To and from other British N. Am. Provinces, for distance not over 3,000 miles .....10 cents

For any distance over 3,000 miles.....15 do

For every additional half ounce, or fraction of a half ounce, an additional rate is charged. Prepayment is optional on all letters for the British North American Provinces except Newfoundland, to which prepayment is compulsory.

Photographs on cards, paper, and other flexible material (not in cases), can be sent at the same rate as miscellaneous printed matter—viz: two cents for each four ounces or fraction thereof.

Photographic Albums are chargeable with book postage—four cents for each four ounces, or fraction thereof.

S. DRULLARD, Gen'l Freight Agent.

The New York Central Railroad, running the entire length and through the most populous part of the State, forms one of the great, oldest and best managed links of communication between the East and the West.

It has two Eastern termini, one at Albany and the other at Troy, connecting at Schenectady and running thence West through Utica, Rome, &c., to Syracuse, from which point there are two roads running to Rochester known as the "Direct Road," via Port Byron, Lyons, &c., and the "Old Road," via Auburn, Cayuga, Geneva, Canandaigua, &c. From Rochester there are also two roads running West, one through Lockport, &c., to Niagara Falls, and the other through Batavia, &c., to Buffalo. Also, a branch commencing at Buffalo and running along the banks of the Niagara river, through Tonawanda and the village of Niagara Falls to Lewiston; and likewise a branch from Tonawanda to Lockport.

At either Albany or Troy passengers for New York and intermediate places connect with the Hudson River Railroad, Harlem Railroad, or (during the season of navigation) with North River steamers. Passengers for Pittsfield, Springfield, Worcester, Boston, Hartford, New Haven, Providence, and intermediate places, connect with Western R. R and its connections. Passengers for Saratoga Springs, Rutland, Burlington, Montreal and all places North, also connect by railroad, from either Albany, Troy or Schenectady.

Passengers for Sharon Springs leave the Central Railroad at Palatine Bridge and go from there by stage. Those for Cherry Valley, Cooperstown and places South, leave at Fort Plain. Those for Trenton Falls leave at Utica and go by railroad. Those for Watertown and places North connect with the Rome & Watertown Railroad at Rome.

At Syracuse the Central R. R. connects with the S. & B. R. R., running to the Erie R. R. at Binghamton, and with the O. & S. R. R., running North to Oswego.

At Canandaigua with the Northern Central Railway for Elmira, Baltimore and Philadelphia.

At Rochester with the Erie R. R, and with steamers for all ports on Lake Ontario.

At Buffalo with steamers on Lake Erie (during the season of navigation), and with the Lake Shore R. R. to Erie, Cleveland, Sandusky, Toledo, and thence to Chicago by Michigan Southern R R

At Niagara Falls passengers connect with the Great Western R. R. [Canada] to Detroit, and from thence to Chicago by Michigan Central R. R.

At Lewiston and Charlotte passengers connect [during the season of navigation] with steamers for Toronto and all ports on Lake Ontario.

FEMALE ACADEMY.

This is one of the oldest institutions for the education of females in this country. Its Graduates and Pupils, many of whom have enjoyed its advantages from the very commencement of school life, are to be found in all parts of the land, and adorn the highest social positions.

The Trustees have spared no pains or expense in furnishing it with the most approved and complete appointments, and with a corps of Teachers believed to be unsurpassed in any similar institution.

In addition to its regular course of English studies, facilities are afforded for the acquisition of every accomplishment belonging to a liberal culture and a complete education.

GYMNASTIC EXERCISES

Are daily practiced under the direction of a lady who devotes her whole time to the Department of Physical Education.

Music.

Further information, circulars, &c., can be obtained of the Principal, EBEN S. STEARNS, at the Academy in North Pearl Street, or of any of the Trustees.

ALBANY AGRICULTURAL WORKS,

ALBANY, N. Y., U. S.,

Hamilton Street, corner of Liberty and Union Streets.

HORACE L. EMERY & SON,

Patentees and Sole Proprietors and Managers.

The above CELEBRATED WORKS were originally organized and erected during the years 1847, '48 and '49 in this CITY OF ALBANY, by the present senior proprietor, who has since then, and almost without interruption, been directly or indirectly connected with them as proprietor and manager alone or with others, and more recently with his junior brothers, under the firm and title of EMERY BROTHERS, down to the year 1862, when he left the country to attend the WORLD'S EXHIBITION at London, with some of his leading articles of his invention and manufacture, where he remained with them nearly two years.

During the long period from 1850, the machines Manufactured at these Works, have acquired a world wide reputation for Excellence of Construction, Utility, Durability and Cheapness, which is second to that of no similar Establishment in the World. The articles here made, have found a ready demand and large sale, in every part of this and other countries, where they have been introduced, and such labor saving machines are used.

While abroad, he exhibited several of his leading Machines at the Great World's Fair with entire satisfaction, and which resulted in establishing the manufacture of them there on a large scale, and which is constantly increasing.

During the time (nearly two years) he devoted his entire attention to the interests of agriculture and Agricultural machines, and the Wants as well as the supplies of all countries there represented, and especially to those of Great Britain, France and Russia, and the South American Countries—losing no opportunity to acquire a knowledge of and adopt so much of them as were useful or desirable for our own country. On his return here, in the early part of 1864, he purchased out the entire interests, in and to these ALBANY AGRICULTURAL WORKS, together with the entire assortment, and large stock of Patterns, Machinery Material and business, and continues the same, at the old stand. He has since greatly increased his facilities, and improved upon the old, and added many new patterns and styles of machines, which from his experience and observation have appeared deservable, all of which he now offers to the public at large, assuring them that no efforts or expense will be spared in furnishing them with the best of everything of its kind in his line extant, and he earnestly solicits a continuance of the long and liberal patronage heretofore enjoyed by this house, from a discerning publi c.

With the close of our Civil War and the resumption of industrial pursuits, is following a wave of emigration into the Southern States of a Free, Intelligent, Agricultural and Laboring Population, carrying with it the requisite Capital and Labor-Saving Machinery, and Implements of the most approved and latest designs of construction, which will permeate all portions of those States, and especially those whose soil and climate are adapted by nature for the production of that wonderful staple, Cotton.

Among these machines none are of so great importance as those used in the production and preparation of this staple for the markets of the world, and Universal Cotton Gin and Condenser, with the Endless Railway Horse Power, with its Speed and Safety Governor Attachment rank the first in importance among them all. The Endless Railway Horse Power, when propelled by two horses, will drive a Thirty-five to Fifty Saw Gin and Condenser to clean from two to four bales per day, according to size of Horses, Mules or Oxen and the kind and condition of the seed cotton—the animals at the same time traveling as upon the roadway without requiring any kind of harness or gear, the speed being fixed by the governor to accomdate their natural gait and the work being done. This Horse Power is also fitted with a series of gears and pulleys which will, by changes and transpositions, produce any desired speed of the driving band pulley without affecting the travel or labor of the animals, thus making this power adapted to all kinds of work on farm or plantation. The Gin and Condenser was quite extensively introduced prior to the War, and with uniform good success, in some of the best portions of the Cotton States. It was universally approved at the World's Fair at London, and by the Manchester Cotton Supply Association at Manchester, England, and adopted by them, and also adopted by the East India Cotton Agency Company, one of the oldest and largest Houses in the Cotton business in India; also by several of the Governments—as Turkey, Brazil, Egypt, Italy, Greece and India—in their respective efforts for the introduction of the culture of this staple.

Its merits are also even more fully indorsed by those using them in our own country during the past year; and numerous letters and testimonials are received and coming to hand from parties having used them, and as an average sample of their character copies of several of them are hereto annexed; stating that the cotton from the same plantations run through this Gin and Condenser uniformly commanded from TWO to FIVE CENTS per pound over that by the best of other Gins in use.

These Gins and Condensers are made for Hand Use, of several sizes, capable of making one to two bales per day of clean cotton; also for Horse and Steam Power, with capacity from two to ten bales per day. They can be used with or without buildings, are proof against fire, and entirely portable and complete for use, and are all tested practically before being delivered from the Works.

These Gins, Condensers and Powers are offered to the public, and warranted to give entire satisfaction, or no sale. Orders solicited.

Descriptive Catalogues and Price Lists forwarded gratis, on receipt of a Letter Stamp.

Liberal inducements allowed to Dealers. (OVER)

HORACE L. EMERY'S PATENT

UNIVERSAL COTTON GIN & CONDENSER.

HORACE L. EMERY & SON,

Patentee, and Sole Proprietors and Managers of the

ALBANY AGRICULTURAL WORKS,

Hamilton Street, corner of Liberty and Union Streets,

ALBANY, N. Y., U. S.

CHARLESTON, S. C., Jan. 15, 1866.

MESSRS. HORACE L. EMERY & SON:

GENTLEMEN—We are pleased to inform you that we recently sold one of your 18 Saw Universal Cotton Gins and Condenser, for hand power use to a party near this city, and recommended it to gin and clean four hundred pounds of lint per day, with two hands to turn the cranks.

The purchasers inform us that it gives perfect satisfaction, and that it is cleaning five hundred pounds easily per day.

Please send us by first steamer two more 18 Saw Gins and Condensers, one of which please have fitted for Ginning Long Staple Sea Island Cotton.

P. S.—The New York Cotton Gin Company sent us for sale an 18 Saw Cotton Gin. It has been carefully tried and tested beside the Universal Gin and Condenser. It does not work near as easily, or clean as fast as yours. It also cuts and carries through the ribs with the lint all the imperfect and small seeds. The Cotton Roll in the hopper having no picker roller supporter does not work as well as yours, which has that valuable improvement.

Yours truly,
LITTLE & MARSHALL,
Dealers in Plantation Supplies
and Machinery, Charleston, S. C.

NEWBERN, N. C., April 4, 1866.

MESSRS. HORACE L. EMERY & SON:

GENTLEMEN—I take pleasure in informing you that the thirty-five Saw Universal Cotton Gin and Condenser purchased from your house in 1864, has been in use through two seasons, and has been removed and used on many different plantations. It is readily driven by two mules. Gives us more lint cotton, and of much better quality from the same amount of seed cotton than any other Gin I have seen in my travels in the cotton business throughout five of the best cotton growing states. All the cotton cleaned by your Universal Gin and Condenser, has uniformly commanded from two to three cents per pound over that of the same grade from other gins in this market, for the two seasons last passed.

The condenser attachment is indispensable in my estimation. This gin and condenser easily cleans two thousand pounds of lint per day, with two mules, which is nearly double the amount that any other gin can do with the same amount of power.

You are at liberty to use any prtion of this letter which you may desire. All the foregoing statements can be verified by affidavits of many planters and others, if you wish for it. The man who has the gin in use is now here, and endorses all I have written. I have several applications from planters to furnish gins and condensers of your manufacture, and will order them forward for them in time for the new crop.

I am yours truly
JOHN SATERLEE,
Cotton Broker and Com. Merchant, and
SATERLEE, LYON & CO.,
331 Pearl street, New York.

NEWBERN, N. C., March 7, 1866.

MESSRS. HORACE L. EMERY & SON:

GENTLEMEN—We reply to your inquiry concerning the Gin furnished us by you, &c. In September, 1865, we purchased from your agent in New York, one of your seventy Saw Universal Cotton Gins, and used it in our Ginning Establishment in this city, during the season, by the side of an Eagle Gin of the same size, both discharging into the same lint room. We think the outturn from each gin was about the same in amount per day.

The Universal Gin, however ginned the seed so much cleaner that we immediately telegraphed your house at Albany for another of the same size for use on our plantation, where we laid aside a new double cylinder gin of Brown's patent, made by the New York Cotton Gin Company.

We are satisfied that the amount of cotton saved, by the cleaner work done by your Universal Gin has paid, at least half its cost, in ginning our crop the past season, besides making a better sample.

So far from what we have seen we should give your Universal Gin Stand a decided preference over all others we have ever used or seen, and should order from you the same kind, if wanting another.

J. A. HASKELL & CO.,
Cotton Brokers and Com. Merchants,
Late FISHER & HASKELL.

NOTE—*The velocity of the teeth of the Eagle Gin in this instance was double that of the Universal Gin, as the diameter of the saws was one-third greater, and the diameter of the drawing pulley one-third smaller than those of the Universal Gin.*

ELIZABETH CITY, N. C., March 22, 1866.

MESSRS. HORACE L. EMERY & SON:

I take pleasure in informing you that I purchased in November, 1865, one of your Universal Gins with forty saws, through your agent, Mr. March of Norfolk, Va., which was put in operation early in December, from which time it was in constant use during the season. The work was done with less power—the cotton of the same grades was cleaned better and commanded a higher price, and sold more readily than that from any other gins I have ever seen, and I am an old planter—all who witnessed its operation were so well pleased with it that two other gin stands in this neighborhood, have been unable to get any ginning to do since I commenced using my gin—and on the whole it is decidedly the best gin stand I have ever seen.

I am respectfully
D. D. RAPER.

AUBURN, N. Y, May 17, 1865.

MR. HORACE L EMERY;

DEAR SIR:—The Fifty Saw Universal Cotton Gin and Condenser, we purchased from you last season, I used on the plantation in Louisana, leased by us, and can assure you it was far ahead of the Gins in use there now, as can be. I tried it side by side, with the "St. CharlesGin," and yours produced from the same Seed Cotton, a much better lint and a better staple. So much so, that a difference of five cents per pound was made in favor of all which was run through your machine. Several Old Planters took especial pains to examine them, and were perfectly satisfied of their great improvements over their old styles. The idea of Ginning Cotton *out of doors*, completely astonished them. I am satisfied if yours were introduced, they would almost entirely displace all other kinds.

With your Two-Horse Endless Railway Power, with Gin and Condenser, a very large sale could be made in the Burnt District, through Alabama, Georgia, and the Carolinas, where their Gin Houses are "*non est.*" If desirable, I can procure for you testimonials to the same effect, from planters and parties living in Louisania, who have operated them, aside from any interest I may have in them.

I am Sir, Yours Respectfully,
HENRY B. FITCH, Auburn, N. Y.

Address Horace L. Emery & Son, sole proprietors of the Albany Agricultural Works, Albany, N. Y., U. S.

ALL THE VARIETIES OF

SCALES,

R. GROOM, Agent.

No. 45 Church St., Albany, N. Y.

The following is only one of the many equally flattering testimonials in my possession, showing the superiority of these scales over all others:

In the fall of 1855, I purchased of Mr. R. Groom, for the use of the Albany Gas Light Company, a 5000 lb. Dormant Warehouse Scale of his manufacture. In the following spring, that having given good satisfaction, I purchased a four ton hay scale of the same manufacturer. The next fall I purchased a six ton hay scale of Mr. Groom, and subsequently, another warehouse scale; all of which have given perfect satisfaction. I consider them as having no superior, if indeed equal, in the market. PAUL A. SABBATON, Supt. Albany Gas Light Co.

H. A. OAKS, M. D.

OCULIST AND AURIST,

PHYSICIAN AND SURGEON!

Dr. OAKS is a graduate of the London Medical Colleges, and has practiced in Europe and America, for over 18 years, with unparalleled success in the treatment of

DEAFNESS AND CATARRH,

NOISES IN THE HEAD, DIZINESS, AND ALL DISEASES OF THE

EYE and EAR,

THROAT, HEART, LUNGS, LIVER, KIDNEYS, CHEST, SPINE, BRONCHITIS, CONSUMPTION, SCROFULA, CANCER, DISPEPSIA, PILES, RHEUMATISM, &C., &C., &C., &C.

The Dr. having a large and extensive practical experience in the treatment of diseases generally is prepared to receive patients for medical treatment on the

MOST IMPROVED PRINCIPLES,

and to treat their diseases in a very superior and satisfactory manner, and in the majority of cases to far exceed the most sanguine expectations of the patient, without resorting to any unpleasant or *torturing* processes.

Dr. Oaks treats SUCCESSFULLY all Diseases of the

EYE AND EAR,

On the most improved and *modern* principles, with entirely new remedies, and with little or no suffering to the patient. "Lenticular Cataract" *removed without puncture and sight restored.*

DR. OAKS

Does not confine himself to one disease only, but TREATS *ALL* DISEASES OF EVERY TYPE.

He may be Consulted the

FIRST SEVEN DAYS OF EACH MONTH, AT HIS RESIDENCE, 128 STATE STREET.

Office hours from 8 A. M. to 7 o'clock P. M. Sundays from 9 A. M. to 10 A. M., and from 1 P. M. to 3 P. M. and 5 to 7 o'clock P. M.

Consultation One Dollar.

For references call at his rooms.

PIANO FORTES,

WHOLESALE AND RETAIL, AT THE

WAREROOMS AND FACTORY, COR. OF BROADWAY AND NORTH FERRY STREET.

The INSULATED IRON RIM AND FRAME PIANO FORTES, are unequaled in all that constitutes a

PERFECT INSTRUMENT.

They are all made under the supervision of James A. Gray, who has been engaged in the business over 26 years. The public can therefore be assured that if experience is a criterion, all the combinations required to make a perfect instrument are blended in these. These Piano Fortes have received **TWENTY GOLD MEDALS AND DIPLOMAS** from the different Fairs and Institutes. An illustrated circular will be sent on application, from which a person can select with full confidence that as good an instrument will be sent as if the person selected for himself.

GET THE BEST.

WEBSTER'S UNABRIDGED

DICTIONARY.

New Illustrated Edition, thoroughly revised and much enlarged.

OVER 3000 FINE ENGRAVINGS,

Of constant use and convenience in

EVERY INTELLIGENT FAMILY.

It contains 10,000 WORDS and MEANINGS not found in other Dictionaries.

Over thirty able American and European scholars employed upon this revision, and THIRTY YEARS of labor expended upon it. It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its present perfected state, it must long remain the **BEST ENGLISH DICTIONARY,** and once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

Containing one-fifth or one-fourth more matter than any former editions.

From new electrotype plates and the Riverside Press.

IN ONE VOLUME OF 1840 ROYAL QUARTO PAGES.

"GET THE LATEST." "GET THE BEST." "GET WEBSTER."

Published by C. & C. MERRIAM, Springfield, Mass.

Sold by all Booksellers.
